A 501(c)(3) Non-profit Organization

BULLETIN 2017-01

DES MOINES WOODTURNERS MEETING (AAW Chapter meeting)

Saturday, January 14, 1:00 p.m. at the Woodsmith Store, 10320 Hickman Road, Clive, IA 50325

EMERGING BOWL WOODTURNING DEMONSTRATION – by **Tom Baker**

How in the world can you do that? Turning an 'Emerging Bowl' is an interesting process you can learn. It will open your eyes to yet another of the many, many possibilities in woodturning. Join us this coming Saturday afternoon and see for yourself how Tom Baker goes about it. Then I'll bet you can make one too! They are great as conversation decor as well as gifts.

We'll have our **Show 'n Tell** before the main demonstrator again this month. Bring those projects in and share how you made them. Everyone learns from the experience of other members. Hope to see you Saturday afternoon!

ELECTION OF 2017 OFFICERS AND BOARD MEMBERS –

The following slate of officers and board members were approved by the membership at our December 10th general meeting. Welcome to new officers Mike Lustig & Tom Baker and our gratitude to the others for continued service.

President – **Dick Meuler**
VP/Pres Elect – **Mike Lustig**

Secretary – **Donna Byers**
Treasurer – **Tom Baker**

Education Chair – **Rob Beattie**
Program Chair – **Jack Rolison**

OUTGOING BOARD MEMBERS – Our sincere **THANKS** go out to **Jim Hogue** and **Daniel Henderson** for their years of contributions to the Chapter. Jim is best known as “**the WOOD guy**” who has furnished us with a wide variety of great turning wood for many years. I heard him say he'll keep doing it until he either runs out of wood or energy, whichever comes first. Jim has been an active board member since 2013 and a contributor long before that. Daniel served on the board in 2015 and 2016 and among many other things, presented several monthly meeting demonstrations. Both gentlemen say they'll continue to help when and where needed in Chapter operations. Shake their hand and say **THANKS** the next time you see them.

2017 MEMBERSHIP DUES – **2016 memberships expire this Saturday.** The board works hard to keep membership dues low so annual renewals are below most similar organizations around the country. So please consider renewing your Des Moines Woodturners dues if you haven't already. While new members pay \$25 when they join, if you renew prior to the expiration date on your membership card, renewals are only \$20 for the calendar year. Members receive laminated membership cards that provide discounts at selected suppliers. Members also have access to our extensive and growing library of learning resources including videos (DVD & tape) and books. They also receive discounted fees at special events such as the recently held Stuart Batty demonstration and workshop and the upcoming Air Brush workshop in April.

If you haven't renewed, please consider doing so by either mailing your renewal check to the address in the box at the **bottom of Page 3**, or pay in person this coming Saturday at our demonstration meeting at Woodsmith. Those who renewed **can pickup their membership cards on Saturday**. Remaining cards will be mailed out next week.

SCHOLARSHIP DRAWING SUBMISSIONS – **Nan Sloan** of Boone and **Tom Baker** from Altoona were our primary winners of the AAW scholarship drawing. Their names were submitted to AAW to compete at the national level for one of the 28 scholarships being offered. Nan selected Anderson Ranch as her first choice and Tom Baker selected John C. Campbell for his. We also drew two additional 'alternates' just in case; John Terry and Dave Rabe in that order.

Fast forward to early January when AAW in St. Paul announced their drawing results from all Chapter submissions. **Congratulations to Tom Baker who was one of the 28 names drawn nationally.** He's awaiting details coming later this month. In all, 85 Chapters submitted a total of 118 entries for the 28 scholarships.

WELCOME NEW MEMBERS – **Kevin Herz**, Lovilia; **Jerry Hughes** and **Sandy Hughes**, Oskaloosa; **Nathan Kress**, Urbandale; **Denise Morris**, Indianola

DOWLER SYCAMORE TRUNK LOG

— Last month we reported the Sycamore log that Chuck Dowler

Photo by Dick Meuler

Rob Beattie, Tom Baker and Mike Lustig
Dowler donated Sycamore cut into slabs & stickered

donated and the fact it was going to be stored under cover until next spring. Well here's the crew that did all the moving. They all voted and decided that this spring we need to find some younger helpers to get this lumber moved out and sawn up to meet Iowa State Fair project specs. 4" x 8" x 10' slabs are all stickered every 15" to allow air flow between them and of course the end grain has been Anchorsealed. Contact VP Mike Lustig at 515-255-8648 to learn more about the opportunity to breakdown this lumber and prepare it for use in making fair booth items to sell.

Pictured are **Rob Beattie, Tom Baker and Mike Lustig.**

JOE FLEMING 'FREE' AIR BRUSH SEMINAR

Mark your calendar for Saturday April 8th and plan to attend an all-day seminar/demo by nationally known air brush instructor Joe Fleming from the San Diego area. The seminar will be held at Woodsmith from 9:30 – 4:00. **IT'S FREE** for members and only \$15 for non-members.

Joe has worked with wood for 40 years and been a woodturner for 15 years.

Past legend David Nittmann was a master of form and color. He used the airbrush to achieve many of his signature designs. Before he passed, he selected Joe to carry on his Airbrushing Wood business. Joe relaunched the business in 2015.

This **will not** be a T-Shirt or automotive artist type course, but instead tailored to **coloring wood**. And no, you don't need to be 'artistic' to utilize an air brush in your shop.

Don't forget to pre-register so we know how many for lunch.

(See Fleming Demo flyer on Page 7 for more details)

MONTHLY MEMBER NETWORKING

— we'll gather again on Wednesday morning, January 25th at the Fred Maytag II Scout Center where we'll again have turning wood for sale. We'll bring some old bargains and new selections for you to pick through. We never know what might show up. Anyone having spare wood or supplies they'd like to donate to the table are welcomed as long 100% of the proceeds go to the purpose of the Chapter. In December **Chuck Dowler** brought in a variety of donated woodturning magazines to sell. He says he has more for future months too. Thanks to **Jim Hogue** for his continued contributions of wood as well as to several other members who donated wood. Last month we had donated gift certificates for \$20 that were won by **Dean Fiene** and **Tom Whalley**. No purchase is necessary, just show up and toss your name in the hat. We'll have another \$20 drawing in January.

Members are encouraged to bring in projects or tools they'd like some feedback on. Questions and problems brought before those present will likely bring you a variety of opinions. This is great time to explore what tips and tricks other woodturners have found to solve problems you're having, time saving tips or maybe sharpening or tool use help.

Watch for e-mail reminder. I hope you'll choose to brave the winter weather and join us as often as possible.

DECEMBER DIZZY BOWL DEMO

— **Tom Whalley** has certainly mastered the art of stacked laminate bowl design and building, In doing so, he used free Google SketchUp software, which he's well experienced in. It showed in his detailed plans and illustrations. Thanks to Tom for spending the time he did to prepare for this demonstration. While he may not have created any immediate competitors, I hope he sparked an interest to try this unique technique on a more simplified level. Woodturning is more than turning bowls and spindle projects from solid chunks of wood. Try making different projects using new, but safe techniques. You can even use up some of that kiln dried hardwood that most of us have around the shop. And once you've completed those projects, share the experience at the next Show 'n Tell. Thanks for the great demo Tom!

MEMBER PASSING - George "Dennis" Moore, 69, passed away December 8, 2016. Dennis was born September 29, 1947 in Falls City, NE. He graduated from Falls City High School in 1966 and from NW Missouri State in 1970 with his BA degree. Dennis worked as an architect in Omaha and in Des Moines.

Dennis had been a member since Oct 2013. Memorials may be directed to the Animal Rescue League of Des Moines or the Nebraska Humane Society of Omaha. Condolences may be expressed online at www.HamiltonsFuneralHome.com.

DMWT WOODTURNERS LIBRARY NEWS – Make sure you drop in on our growing library of woodturning books and videos at our monthly meetings. Just a reminder to return books and videos you've checked out in the past. You'll find the library near the side door entrance in Woodsmith's seminar room on Chapter meeting afternoons. **Don Skarin** or **Ray Nelson** can help you.

The Chapter has purchased and added the **Glenn Lucas Mastering Woodturning** series of five DVD's to our library: 1.) Tools and Techniques 2.) Bowl Turning Techniques 3.) Sharpening Techniques 4.) Traditional Irish Platter 5.) Dublin Viking Bowl. You can preview each at his web site: <http://glennlucaswoodturning.com>

A listing of our entire library contents can be found on our web site at: http://www.dmwoodturners.com/?page_id=84 It also shows the replacement cost for material not returned.

If you have woodturning oriented original VHS tapes, DVD's, or books you'd like to donate to the Chapter library, bring them to a meeting and give them to Don with a note with your name so we know who donated them.

Remember, **DO NOT drop returned library items in Woodsmith's front lobby**. That box is for the Des Moines Woodworkers Assn. use only. Instead, bring your items to the meeting room and return them to the librarian.

PLEASE return your checked-out library material within 30 days!!

WOODSMITH PARKING - PLEASE REMEMBER when arriving at Woodsmith Saturday, park at the far East and North sides of their parking lot. This leaves the areas closest to the entrance door for their normal Saturday store customers. If you need to drop off meeting items, unload at the entrance and then park in the designated areas.

Woodsmith is gracious to let us use their facility. Please respect their parking rules so their normal customers have easy access to the store on one of their busiest days of the week. Thanks for your cooperation.

AAW's ANNUAL SYMPOSIUM - SEE AMAZING DEMOS. MEET CAPTIVATING PEOPLE!

[AAW's 31st Annual International Symposium](#) in **Kansas City, Missouri, June 22-25**, is your opportunity to learn, share, and celebrate the art and craft of woodturning. The symposium features [demonstrations and panel discussions](#) tailored to appeal to a wide variety of skill levels and interest areas -- bowls, boxes, vessels, hollow forms, spheres, spindle turning, multiaxis turning, segmented turning, natural edge, ornament, jewelry, finishing techniques, surface design, texture, embellishment, and more.

Symposium attendees will enjoy the enormous trade show jam-packed with the newest woodturning products, tool and lathe manufacturers, and supplies; an Instant Gallery and themed exhibitions; as well as benefit auctions and opportunities to support local charities. [Learn more. Register today!](#) (<http://www.woodturner.org/>)

AAW GUEST MEMBERSHIP PROGRAM – AAW continues to offer a **Guest** membership program for chapter members who are not yet AAW members. By signing up for a complimentary **Guest** membership, club members can have limited access to AAW member resources for a full 60 days. They'll be able to explore what the AAW has to offer, kick their tires, and hopefully decide to become full-fledged AAW members and benefit from everything the AAW has to offer. The Guest membership welcome page can be found at <http://www.woodturner.org/page/GuestMemberLanding> and has handy resources for getting started in woodturning, the Safety Guidebook for Woodturners, and much more. They will be adding sample articles to this page from each new *American Woodturner* and Woodturning FUNdamentals issue. All AAW members have access to the materials on this page. Check it out and help them spread the word.

LATEST ISSUE OF AAW WOODTURNING FUNdamentals members can read the current issue of Woodturning FUNdamentals at: <http://www.woodturner.org/?page=FUNdamentalsRes>

AAW PROJECTS AND ARTICLES AT YOUR FINGERTIPS - Nearly everything you want to know about woodturning is at your fingertips. [AAW EXPLORE!](#) Look for the link on AAW home page. (<http://www.woodturner.org/>)

2017 DUES RENEWALS (only \$20) LAST CHANCE (2016 dues expire January 14, 2017)

Once expired, joining will be as a NEW member at the NEW Member rate

Bring payment to meeting or mail to Des Moines Woodturners, 10050 NE University Ave., Runnells, IA 50237

TAX TIME COMING SOON - TAXES & GIVING (Source: http://www.smartgivers.org/taxes_and_giving)

Make sure your contribution is tax-deductible. All 501(c)(3) organizations can accept contributions and offer donors a tax deduction to the full extent of the law. Make sure to ask an organization if they are a 501(c)(3) organization before you make a donation.

How to receive tax-deductions for your charitable donations: To claim deductions, you'll need to fill out the tax form 1040 (the long form, which allows you to itemize deductions on Schedule A). You can find it at the IRS website. You don't receive any tax breaks if you fill out the short form or take standard deductions.

Gifts of clothing or household items (equipment, tools, accessories, books, videos) will be deductible only if the items are in "good used condition or better." Single items for which the donor has received a qualified appraisal and taken a deduction of more than \$500 are not subject to this rule. Nor are food, paintings, antiques, art objects, jewelry, or collections.

Contributions of cash, checks, or other monetary gifts, regardless of amount, must be substantiated by a bank record or a written communication from the charity showing the name of the charity, the date of the contribution, and the amount.

Deductions for volunteering: Although you can't deduct the value of time or services donated to an organization, you can deduct any costs that are incurred during volunteering, such as gas mileage or the cost of a volunteer uniform.

Gifts of stocks and other securities: The best stocks to donate are those that have increased in value and that you've held for more than a year, particularly those producing a low yield. In order to preserve tax advantages, it is critical that the securities themselves are transferred to an organization rather than proceeds from a sale.

Appreciated Securities or Mutual Funds- If you donate securities that have increased in value, you pay no capital gains tax and are entitled to a charitable deduction for the full fair market value of the stock.

Depreciated Securities- Rather than contributing depreciated stock, sell the stock and contribute the cash for a charitable deduction.

IRS DETERMINATION PROVIDES FULL NON-PROFIT 501(c)(3) STATUS – Just a reminder that effective January 7, 2014, the IRS recognized **Des Moines Woodturners Inc.** as a non-profit organization. Organizations that are exempt from taxation under Section 501(c)(3) of the Internal Revenue Code are some times referred to as "Charitable Organizations. The word "charity" is used as a "catch-all" for simplicity's sake. Section 501(c)(3) describes groups organized and operated for one or more of the following purposes: charitable, religious, educational, scientific, literary, testing for the public safety, fostering national or international amateur sports competition, or the prevention of cruelty to children or animals. In our case, we applied as an educational organization and specifically, Adult Education. So our primary mission and reason for existence is to provide woodturning related education to our members in a variety of fashions.

Being given this status provides our Chapter with several important benefits.

1. Donations accepted (cash, equipment, tools, accessories, wood, rent, buildings, property, etc.) from individuals, retailers, distributors, manufacturers, estates & others are 100% tax deductible by donor under nearly all circumstances. Receipts are provided to donor upon request.
2. Participate in public and private activities only open and available to IRS recognized non-profit organizations.
3. Ability to apply for grants and other public or private allocations available only to IRS-recognized, 501(c)(3) organizations.
4. Be eligible for discounted advertising rates, including possible free TV and radio public service announcements (PSA's).
5. The public legitimacy of IRS recognition.

Donations to Des Moines Woodturners Inc., a 501(c)(3) non-profit organization, are 100% tax deductible under most circumstances. Please consider us in your estate and tax planning.

MEMBER BUY-SELL SERVICE – Do you have woodturning or woodworking related items you want to buy or sell? Send an e-mail with particulars to dmwoodturners@gmail.com and we'll send it out to all members with e-mail addresses.

Des Moines Woodturners

AAW Chapter 158

All Day Learning Seminar

Saturday April 8th, 9:30 to 4:00 The Airbrush Demystified Woodsmith Seminar Room by Joe Fleming

ABOUT JOE FLEMING - Woodworking provides me with an outlet for my creativity. I enjoy finding a piece of wood, envisioning what it can become, and then transforming it into a beautiful art or craft piece. I make both art pieces and functional pieces, but I always strive for beauty. My woodturning consists of all types of turning disciplines including bowls, hollow forms, platters, vases, boxes and furniture components. I use a variety of wood species in my work including local urban forested woods like eucalyptus, and other reclaimed wood. I also use wood from certified forestry projects in the Pacific Northwest, Mexico and Australia.

I have been an amateur woodworker for over 40 years and an amateur woodturner for more than 15 years. My skills are primarily self-taught with additional learning from various classes, from woodworking publications, and through participation in various woodworking clubs. I have studied with many noted wood artists including, Allan Batty, Stuart Batty, Christian Burchard, Jimmy Clewes, Don Derry, Michael Hosaluk, John Jordan, Binh Pho, Richard Raffan, Merryll Saylan, and Susan Working. My dad gets the credit for instilling in me a passion for hand-made wood items.

Joe lives in the San Diego area and is affiliated with The San Diego Woodturners, The San Diego Fine Woodworkers Association and AAW. Check Joe's web site out at www.airbrushingwood.com

The demonstration will cover the following base information about coloring on wood (not T-Shirts & automobiles):

- Sample pieces
 - Survey of different coloring styles from assorted artists and my own works
- Coloring resources review
 - Books
 - Websites
 - DVDs
 - Other literature
- Considerations relating to color on wood
 - Wood selection
 - Bleaching
 - Paint and dye selection
 - Etc.
- Airbrush basics including
 - Selection of equipment and options
 - Airbrush choices
 - Useful optional equipment
 - Air source choice
 - Other required equipment (hoses, ● etc.)
 - Airbrush maintenance and cleaning
 - What are the parts of the airbrush and their functions
 - How to inspect for wear and damage.
 - How to disassemble and clean the airbrush
 - Airbrush drills and techniques
 - How to hold the airbrush
 - How to paint lines, dots, arcs, circles, dagger strokes
 - How to paint 3D images – sides and curves
 - Airbrush effects
 - Setting sun sky
 - Templates
 - Blending colors
 - Frisket and masking use
 - Special paints

Many people are interested in achieving a glassy finish like Don Derry gets on his colored pieces. Joe will demonstrate the techniques involved in that process:

- Wood prep
- Color application
- Lacquer application
- Polishing technique
