

Des Moines WoodTurners Inc.

Monthly Networking Meeting

A 501(c)(3) Non-profit Organization

Our most recently added monthly activity allows members to network with other woodturners in a relaxed, informal atmosphere. There is no set agenda. We envision members coming and going at their leisure. It further allows gathering during the summer months, thereby providing a full twelve months of learning opportunities through woodturning experience sharing.

We've reserved the spacious Mid-Iowa Council, Boy Scouts of America - Fred Maytag II Scout Center where we'll gather the fourth Wednesday morning of the month between the hours of 9:30 and 11:00 a.m. in one of the three conference rooms just off the main foyer. See city and building map on next page.

While we understand not everyone has the ability to attend weekday events, the Scout Center is very active with scouting activities on the weekend. By making it informal, we're hoping some working members will be able to arrange time to drop by to get a question answered, get help on a turning they are working on, pick-up an embroidered item or purchase some harvested turning wood. (wood sales start at 9:45)

Here are some of the activities and amenities available at this open learning/sharing time:

- Opportunity to show your work or ask for critiques
- Buy woodturning wood (clean wood donations welcomed)
- Pick-up/pay for T-Shirt & embroidered clothing ordered
- Occasional sale of donated tools, accessories, supplies
- FREE Coffee available from 9:30 till 11:00
- Handicap Accessible – Chair seating at tables
- Get woodturning questions answered
- Solicit tool/equipment recommendations
- Return library material
- Visit with fellow woodturners
- Develop new friendships
- Get out and about on a weekday morning

NOTE: All sales at this venue are required to 100% be for the purpose of the organization.

The 4th Wednesdays of the month are reserved for our use through July of 2018. Mark your calendar.
