## Monthly Meeting News

DECEMBER 2017

A 501(c)(3) Non-profit Organization

Bulletin 2017-12

### DEC 9<sup>th</sup> DEMO AT WOODSMITH – 1:00 p.m. sharp Introduction to Piercing & Decorating Wood, by Tom Baker

(also known by some as "The Art of Poking Holes in Perfectly Good Wood")

Last year, Tom was one of two members who won our Chapter drawing for an AAW Educational Scholarship and was lucky enough to also win one of the slots in the national drawing by AAW. Tom chose to attend a five day class presented by J. Paul Fennel at the Arrowmont School of Arts and Crafts in Gatlinburg, TN, this past June.

The class description stated "For embellishing and decorating turned wood forms". Tom hopes to introduce members to some of the tools, techniques, and most importantly, the many ways of taking the woodturned art we already create, to the next level. As a whole, this form of embellishment may not be for everyone but some of the techniques and tools can be adapted in many ways to other forms of our craft. To Tom, the possibilities are now endless!

By J. Paul Fennel

Prior to Tom's demonstration we'll have a few announcements and our monthly Show 'n Tell. Plan to bring your projects to show, regardless of your current skill level. Our Chapter is made up of a wide variety of member skill levels. Show 'n Tell should reflect those skill levels. Bring some of your work and tell us what you learned while making it.

See articles below on how you can apply for an educational grant or a woodturning school scholarship. Deadlines to apply are coming up soon. It costs you \$0 to apply. Do it today!!

**2018 BOARD OF DIRECTORS ELECTION RESULT** – The following members were elected to one year terms at the November Chapter meeting. **MEMBER PASSING** – We just learned that member **Orv Barbee** passed away November 28<sup>th</sup> at age 85. Services were held December 2<sup>nd</sup>. Orv was a frequent attendee of our monthly Woodsmith meetings.

**WELCOME NEW MEMBERS** – **Steve Downey**, Des Moines; **Kurt Simon**, Waukee

**DES MOINES FESTIVAL OF TREES & LIGHTS REVIEW – THANK YOU** to everyone who contributed ornaments for the 2017 Festival of Trees and Lights! Our stunning creation was placed right at the entrance. It is one of the first trees that everyone sees as they wander through a record of 83 decorated trees!

With incredible participation from Mid Iowa Woodcarvers, Des Moines Woodturners and Des Moines Woodworkers, we were able to fill our tree with over 500 beautiful ornaments and provide around 40 ornaments to be sold separately at the event gift shop!

Special recognition goes out to Brenda Rekenhaller who gathered ornaments and took them to the Woodsmith Store, to Bob and Ginny Wheeler who spent an evening at the Voss house putting wires on each ornament and to all 10 people who took time out of their Sunday to help decorate our tree: Patty Hemphill, Darrell Brown, Bob and Ginny Wheeler, Dick and Pat Meuler, Terry and Mary Voss, and Wendell and Charlene Shellabarger.

Great job folks! Happy Holidays! Mary Voss, FOT Coordinator

**LATEST BASIC WOODTURNING TRAINING CLASS COMPLETED** - On Sat, December 2<sup>nd</sup>, a class of four students completed their four week, hands-on Basic Woodturning class. The class covers basic woodturning safety, the proper use of the spindle roughing gouge, spindle gouge, parting tool, skew using long point down and the bowl gouge. The exercises students practiced and were given homework to return the following week included using calipers to part to specific depths, “V” cuts using the skew, cutting beads and coves using the spindle gouge, making eggs and an egg chuck, making an egg cup (egg stand), Christmas Tree ornament and a bowl as shown in the photo.

All that’s left is for each student to regularly practice the proper use of sharp tools and they will vastly improve their woodturning skill level. Practicing improper tool use leads to frustration, relying on 40 grit sandpaper, and creates safety hazards that can lead to serious injury.

Bowl Instructor: **Tom Baker** **Steve Lavia** **Mike Hamilton** **Gin Wheeler** **Loren Moon**

**FAMILY OF PAT PATTERSON DONATES LATHE TO TRAINING PROGRAM** – In the spring of 2016, member Pat Patterson passed away shortly after his first day at our Basic Woodturning class. He was a long time woodworker and an accomplished scroll sawer who had a strong “hankering” to be a woodturner. Pat had been slowly outfitting his shop with the needed turning equipment and tools with delivery of some coming after his death.

This past summer Pat’s wife stopped by our booth at the Iowa State Fair and indicated it was time for her to consider moving on and coming to terms with Pat’s workshop. Several members have spent time doing an initial large tool inventory. In the process of determining the proper way to proceed, the family decided they would donate Pat’s Jet 1221VS lathe, with stand, to the Chapter training program along with several accessories to make it a complete demonstrator unit. Our sincere **THANKS** go to the family for this generous gift in memory of Pat.

Some of the larger items looking for homes include a 26” RBI Scroll saw, Craftsman contractor saw with Biesemeyer fence, Shopsmith dust collector, JDS Air Cleaner, Delta ‘Shopmaster’ bench oscillating spindle sander, Delta 1” belt sander w/6” disc, etc.

A sale date is pending....probably after the holidays. Contact Dick at 991-8111 if ????

**Loren Moon, Gin Wheeler, Steve Lavia** and **Mike Hamilton** look on as **Tom Baker** demonstrates bowl turning techniques using the donated Jet 1221VS lathe and stand.

## OCTOBER DEMONSTRATION REVIEW

– Thanks to **Jack Rolison** for his Cosmic Cloud and other coloring demonstrations. For the Cosmic Cloud, Jack showed how to mix the tube paint with artist medium and then apply and blow each of the iridescent paints around the rim of a platter using the air flow coming from his air brush. He then demonstrated the layering of dyes on figured wood. Lastly, the simple ‘Dry Brush’ method of adding fine line colors to highlight delicate features in turned work.

Learning to apply finishes and color to wood is a learned process that requires experimentation and practice. Having senior members like Jack who are willing to pass on their experience, shortens the learning process. Great Job, Jack!

## MONTHLY MEMBER NETWORKING

– Next gathering Dec 27<sup>th</sup> at the Fred Maytag II Scout Center from 9:30 till 11:00. Get there early...sales start at 9:45. Thanks to the following who make it all possible: **Dave Yearian** for making coffee and picking-up refreshments, plus the rest of his crew who set up the room and helping haul in wood, books and table covers; **Tom Baker** who hands out door prize numbers and collects, tracks and deposits payments for items sold; and our long ongoing **THANKS** to **Jim Hogue** and other members who have donated quality turning wood for sale.. All are treasured member volunteers.

We'll have turning wood and books for sale again this month. Anyone having clean, spare wood or turning supplies to donate to the Chapter, are welcomed providing 100% of the proceeds go to the Chapter treasury. Demand for wood dwindled over the summer. Let Jim or board members know what species, grain orientation and size you are looking for.

**Roger Francis, Daniel Henderson, Jack Kennedy, Don Skarin** and **Tom Whalley** were the winners of door prize drawings in November. Each received a \$10 Gift Certificate from Craft Supply. Just ask for a door prize drawing ticket at the cashier table when you arrive this month. They're **FREE** but just one per member.

Members attending are encouraged to bring in projects or tools they'd like some feedback on. Questions and problems brought before those present will likely bring you a variety of opinions. This is a great venue to explore what tips and tricks other woodturners have found to solve problems you might be experiencing. It's also a good place to ask about tool selection and what tool types others use for specific turning operations. Guests are always welcome.

If you've never visited this 4<sup>th</sup> Wednesday morning meeting, give it a try. With no program, you're able to meet other woodturners and visit in an informal setting over a cup of coffee. I hope you'll choose to join us as often as possible. We'll continue the event as long as members show interest through their attendance. Watch each month for your e-mail reminder. ## WOODSMITH PARKING - PLEASE REMEMBER

when arriving at Woodsmith Saturday, park at the far East and North sides of their parking lot. This leaves the areas closest to the entrance door for their normal Saturday store customers. If you have items to drop off for our meeting, drop them at the entrance and then go park in the designated areas.

Woodsmith is gracious to let us use their facility. Please respect their parking rules so customers have easy access to the store on one of their busiest days of the week.

*Thanks for your continued cooperation.*
