

## REGISTRATION DEADLINES

For DMWT Members –members have first priority and reduced fees when attending our sponsored seminars and workshops. Due to Cindy's airline reservation scheduling, hands-on workshop registrations, with full payment, must be received no later than March 30<sup>th</sup>. All registration forms with payment, will be date/time stamped and preferred date slots will be filled based on the date/time received. Once a workshop day is filled, you'll have the opportunity to fill slots on other dates with openings or be placed on a standby list in case of a cancellation.

If we have less than 7 students registered for Tuesday, May 7<sup>th</sup>, DMWT reserves the right to cancel the workshop, return registration fees, and schedule Cindy for an earlier departure date.

**NON-DMWT members** – Non-members may submit their registration and payment in full for seminars and workshops. Workshop registrations will be date stamped and held until April 1<sup>st</sup>. At that time if there are remaining openings, they will be accepted in the order they were received. Workshop fee for non-members INCLUDES membership in DMWT for the balance of 2019. Workshop checks will not be processed until applicant has been assigned a workshop. If workshops are filled, uncashed checks will be returned.

**FINAL CUT-OFF DATE** – All registrations for Saturday seminar & possible late call to fill a workshop cancellation, must be rec'd on or before April 30<sup>th</sup>.

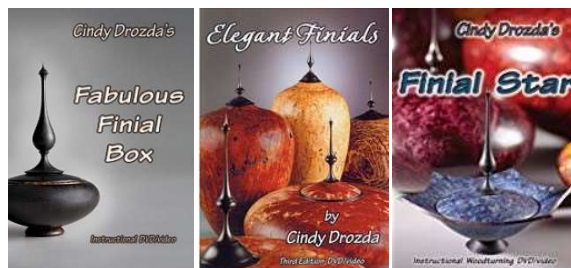

**CANCELLATIONS** – If you cancel your workshop date and there is someone on a standby list willing to replace you, your Workshop fee will be refunded. If no one is available to replace you, your registration fee cannot be refunded. Seminar cancellations are refundable up to April 15<sup>th</sup>.

### **DEADLINE SUMMARY**

DMWT Members have until March 30<sup>th</sup> to register for Workshops before registration opens to other Chapters, clubs, and the general public on April 1<sup>st</sup>. Max students are eight per day. April 30<sup>th</sup> is **FINAL** cut-off date for all event registrations.

All dates specified are dates that registration forms must be received by, not postmark dates.

## FOR THOSE WANTING TO ADVANCE IN WOODTURNING BY IMPROVING THEIR TURNING SKILLS

**ABOUT CINDY DROZDA** - Cindy Drozda, Boulder Colorado, has worked with wood professionally since age 19. She has been turning since 1985. Her elegant lidded vessels with delicate finials bring a contemporary flair to classic forms. Her work can be seen at the finest juried shows and exhibitions in the USA, as well as in several books. Cindy shares her woodturning knowledge and passion as an international demonstrator, teacher, writer, and producer of instructional DVDs. She has been invited to teach in Canada, Great Britain, Ireland, Australia, and at symposia and clubs across the US. Before choosing woodturning as a career Cindy worked as a cabinet maker, rebuilt airplanes, and made hang gliding equipment.

I've heard it said that Cindy is a "petite powerhouse of talent and teaching."

Any who have attended Cindy's sessions at AAW National or other regional symposiums, admire her ability to relate to her audience and workshop students. She excels at teaching and illustrating concepts so students "catch on" to the techniques she covers. Much of Cindy's work also incorporates burls, which she is skilled at figuring out how to turn.

**ALL-DAY SATURDAY SEMINAR** – Three things Cindy Drozda is known for are: 1) her beautifully designed finials; 2) how she transforms a burl into a magnificent bowl with a lid; and 3) her ability to not only demonstrate but teach others about her processes.

At this seminar, Cindy will combine all three by showing the techniques she uses to create a shallow lidded container with her signature elegant finial adorning the lid. Photo to right is a

finished piece using the same techniques, albeit her demo will be a slightly different design without the star points. If time allows, Cindy will also show how to create a Triangular Box, (pictured to left) combining multi-axis and basic box-making techniques.

Using multiple centers, a triangular shape is created on the lathe. Along this one-day journey, you will learn some valuable tips and techniques that can be applied to many of your future projects. A lunch, break snacks and drinks are included in the fee. Seminar to be held at the Woodsmith Store.

**PLEASE NOTE:** This seminar will not be recorded at the request of the demonstrator.

**ONE-DAY HANDS-ON WORKSHOPS** – One of the many benefits to bringing in demonstrators of this caliber is being able to get one-on-one turning instruction with a well-known pro at your side. Here you will discover what an excellent teacher Cindy is as well as experience her detailed techniques first-hand. Since there are only eight student openings each day, you'll want to register as soon as possible. Those of all skill levels are encouraged to attend. A list of tools, accessories, and safety equipment required will be sent to each registrant. Most active woodturners likely own the required items. Cindy will provide specialty tools on a "share" basis. Lunch & drinks provided at workshop location in vicinity of WDM's Valley Junction.

In each of these workshops, the subject will be Cindy's most popular workshop subject; her signature Finial Box. You will be guided through the techniques and procedures involved in this project including the study of tools and technique. You will also get one-on-one time with Cindy as you move through the steps to create your Finial Box.

All workshop days cover the same topic each day. **REGISTER EARLY to get a spot.** List both your preferred and 2<sup>nd</sup> choice date on form. It's highly recommended that those registering for the hands-on-workshop, also register for the Saturday seminar.

**REGISTRATION deadlines on back of pamphlet.**
