Chapter Meeting Announcement & Newsletter

February 2021 AAW Chapter 158 **A 501(c)(3) Non-profit Organization** **Bulletin 2021-2**

FEBRUARY CHAPTER “ZOOM” MEETING PREVIEW

Because of the COVID-19 pandemic our chapter meetings are being held virtually using the Zoom Internet platform. See below for the link to the meeting. There is also a Zoom meeting troubleshooting item near the back of this newsletter. Our next monthly meeting will be on February 13th, 2021 at 1:00 PM. The demonstration will be **Tom Baker** showing us how he turns a yo-yo. I am sure that many of you have seen the yo-yos that Tom has turned and made available for sale at our Iowa State Fair booth. This will be your opportunity to learn how Tom makes these lovely toys. We will also have a brief business meeting and announcements as well as our ever popular “Show and Tell”.

As a reminder, you do not have to have a camera to view the meeting on your computer / device.

TO JOIN THE DMWT ZOOM MEETING ON SATURDAY, FEBRUARY 13TH AT 1:00 PM CLICK ON THE FOLLOWING LINK:

Meeting ID: [992 8804 2541](#)

Password: 095314 (if you need it)

MEMBERSHIP UPDATE

by Dan Carlson, Membership Coordinator

As of the beginning of February we have 171 members in the club. We started 2020 with 156 members and had the following new members join us during 2020: **Joe Burklund**, Waukee; **Brent Cox**, Ankeny; **Kim Eaton**, Carlisle; **Dwayne Elliott**, Grinnell; **Kelly Gruber**, Waukee; **Luke Gruber**, Urbandale; **Myles Hegstrom**, Perry; **Mark Hornback**, Des Moines; **Tom McDermott**, Des Moines; **Karen Mitchell**, Des Moines; **Dale Proctor**, West Des Moines; **Dennis Schrodt**, Prole; **Steve Sutton**, Johnston

Please also welcome our newest members **Dallas Hansen**, Bondurant and **Marvin VanDerWiel**, Otley who have joined the club this year.

It's hard to introduce yourself when we are meeting virtually, but we'll have the opportunity to personally welcome the new members in the near future, we hope.

IOWA STATE FAIR

It seems reasonable to expect that the 2021 Iowa State Fair will be occurring Thursday, August 12th through Sunday, Aug 22nd. Our booth at the fair is the single largest source of revenue for our club. We rely on volunteers to make items for sale at the booth as well as volunteers to demonstrate and represent the club at the booth. Please consider how you can contribute to this effort. Specific opportunities to contribute / volunteer will be communicated very soon.

You are also encouraged to submit items that you have made to the competitive judging. If you have not yet completed your State Fair entries, there is still time to do so.

WOODTURNING TRAINING NEWS

by Dick Meuler, Training Team

We're entering the heart of winter with snow cover and extremely frigid temperatures. It's the perfect time to be planning for late winter and spring training classes at our training location in Valley Junction area of West Des Moines.

For over 12 years, our Chapter has conducted basic training classes in the late winter/spring and again in late fall/early winter. This year we're teaching four Basic Woodturning classes in March and April with each being two days, 1 week apart, to allow time for homework practice to be completed between class days. Specific equipment, tools, PPE and accessories are required for students to attend. Each will have their own Jet 1221VS lathe station. As of this writing, we have seven (7) students registered and being assigned their 2-day class dates. This is a pre-requisite class for all other training classes taught by our training team members. If you haven't yet taken it, and your turning creates more chips and dust rather than ribbons of cleanly sliced wood, you need this class. Get your name on our Stand-By list immediately to make sure you're early in line for a cancellation or a class next fall. Fee is only \$30.

In May and early June we'll be conducting four **Basic Bowl Turning** classes teaching cross-grain turning. We have several openings remaining. To attend you must be a Chapter member and have completed our Basic Woodturning class. The only additional tool required is a 3/8" or 1/2" HSS bowl gouge, of reasonable quality, that has been properly shaped and sharpened for general cross-grain turning. New tools don't always come shaped for general use. We can help you get it that way. Your parting tool, spindle gouge, scroll chuck with wood worm screw, outside caliper, and face shield meeting ANSI Z81 or higher specs from the Basic Woodturning class, are also needed. Below are 10 possible class dates and we'll narrow it down to one per week by picking common dates students can attend. Fee is only \$15

Class 1 on Mon May 10 or Tue May 11

Class 2 on Mon May 17 or Tue May 18 or Thur May 20

Class 3 on Tue May 25 or Thur May 27

Class 4 on Mon Jun 7 or Tue Jun 8 or Thur June 10

To sign-up, send me which dates you CANNOT attend. We'll then pair up students by which common day in a given week they can attend. Contact me at **515-991-8111 (10a to 10p)** or e-mail me at dmeuler@gmail.com

Deadline to sign up is Saturday, April 17th. Don't delay. The earlier you sign-up, the higher you'll be on the standby list.

NOTE: We **will continue our COVID protocol** in all classes by limiting attendance, **requiring appropriate face masks** and taking forehead temperature readings upon entering the training center. You'll be asked to sanitize your hands upon entry and before you go to your lathe station where you will be required to complete a liability waiver and pay your class fee by cash or check. You'll be asked to observe reasonable distancing during demonstrations and while taking personal instruction. For safety from distractions, only instructors and paid students are allowed during class. To protect feet from a dropped tool, sturdy enclosed shoes are required. No open-toed, canvas or cloth footwear.

BOWL TURNING GRAD

Practiced
Practiced
Practiced

by Dick Meuler, Training Team

Member **Rob Blink** took our **Basic Bowl Turning** class on Friday, October 16th. Several weeks ago he sent me this photo and when questioned for details, he replied below.

Excellent turning and finishing Rob!

"In July an acquaintance brought over some walnut logs from a newly felled tree. I chainsawed blanks and turned them wet. When they dried recently I did the final turning. Sanded to 400, sanding sealer, Yorkshire Grit, Hampshire Sheen, carnauba wax. Learning from my many mistakes. I've also turned several cherry candy dishes. I think I will try a platter next. Thanks for the lessons." Rob Blink

DEMONSTRATION / PROGRAM SUGGESTIONS

Currently there are two topics on the program suggestion list; threading and hollowing. Please let any board member know if you have a program topic that you would like see in the future.

NEWSLETTER CONTENT

Please send in photographs of your work, we would love to see what you have made. If you have articles that you would like to have published or suggestion on how to improve the newsletter, please send them to **Jim Reynolds** jr1664@gmail.com.

ADDITIONAL EDUCATIONAL OPPORTUNITIES

The COVID-19 pandemic has spurred significant efforts in providing education / demonstration via the Internet. Below are links to access some of these opportunities.

Virtual Woodturning Demos	Driven by master woodturner Trent Bosch. Most demos require a \$10 fee for a two-hour demo, but you can access the archived demo later if you wish. There are several turners providing demonstrations using this website.
AAW Remote Demonstration Resource	Documents, videos and a list of demonstrators with contact information.
Record Power Remote Demonstrations	To join these FREE educational Live Sessions please email miked@recordpower.co.uk with RSVP in the subject line, and you will receive your log in code by return email.

NEW TO WOODTURNING AND NEED HELP GETTING STARTED?

Getting started in woodturning is not just picking up an old used lathe, acquiring some decades old bargain garage sale tools and whipping out a project using an inappropriate and dull tool to shape a rapidly rotating piece of dry Osage Orange timber. This would not be either a safe or enjoyable experience. Beyond learning woodturning jargon is the task of selecting equipment, tools, and accessories to insure you invest wisely and give yourself a reasonable chance at learning a new skill. Learning woodturning takes practice. Lots of practice. But it should all be enjoyable, rewarding and done safely. That is our goal for you.

Tool steel has changed from the softer carbon steel of years past to High Speed Steel and beyond. Sharpening has slowly migrated from Aluminum Oxide stone wheels to CBN wheels using slow speed motors. Lathes have changed from step pulleys to electronic speed controls with soft starts, all designed to keep you safer and more efficient in your woodturning journey. One tip all beginners need is not to buy a set of woodturning tools. They typically contain smaller, less usable length tools and includes some tools you will probably never use. It is less

expensive to purchase the individual tools you need. If you have questions and would like to find out more about tools, equipment or the kinds of woodturning beginners should do, feel free to give a call. If I cannot help, I will connect you with someone who can.

Contact **Dick Meuler** via email at dmeuler@gmail.com or call 515-991-8111 between 10:00 AM and 9:00 PM and leave a voice mail message.

ZOOM MEETING TROUBLESHOOTING

To connect to the meeting, all that is required is for you to click on a link provided below. This should launch your web browser to connect to the Zoom conferencing web site, and then follow any start-up instructions requested (you may need to answer 'Yes' to downloading the Zoom ".exe" file and start the program by clicking in your downloads list at the top of your browser's screen. If prompted to do so, click on "Join meeting with Video" and/or "Join meeting with Audio".

After a few seconds, you should see a screen with multiple boxes of member's video feeds. At the beginning of the meeting, we will go over how to control your microphone (mute or unmute), your video/camera feed, and other controls.

IF YOU ENCOUNTER PROBLEMS - contact **Tom Baker** for help with getting the connection problem resolved. Call 515-249-7503(cell).

In your "Settings" menu, it may be necessary to check to *see that your webcam is turned on*, that your *microphone is turned on*, and that the *speakers are enabled*.

To view a simple, 1-minute video tutorial about how to connect click the following link:

DES MOINES WOODTURNERS WEARABLES

Members wanting Des Moines Woodturners logo embroidered on clothing are advised to purchase shirts, sweatshirts or turning smocks of their choice and style. These must be BRAND NEW and UNWASHED and can be delivered to any officer or board member. When enough items are collected to meet minimums, they will be taken to the embroiderer. Be sure to attach a note with your name to the collar of each garment submitted indicating if and how you want your name embroidered along with the Chapter logo. Costs to add the standard logo are \$8.00 per item. Personalized names can also be added for an additional \$6.00 per item. Chat with **Rob Beattie** if you have questions. 282-4532 or beattie.r@mchsi.com.

AMERICAN ASSOCIATION of WOODTURNERS (AAW)

If you are an avid woodturner, we would recommend an AAW membership because it offers you many woodturning resources including access to all previous issues of American Woodturner, the AAW Journal of articles, plans and woodturning techniques, six NEW issues of American Woodturner a year along PLUS six issues of the digital Woodturning FUNDamentals and many other learning resources and opportunities. Check them out at <http://www.woodturner.org>.

AAW GUEST MEMBERSHIP PROGRAM CONTINUES

AAW continues to offer a **Guest** membership program for Chapter members who are not yet AAW members. By signing up for a complimentary **Guest** membership, Chapter members can have limited access to AAW member resources for a full 60 days. You will be able to explore what the AAW has to offer, kick their tires and hopefully decide to become a full-fledged AAW member and benefit from everything the AAW has to offer. The Guest membership welcome page can be found at <https://www.woodturner.org/Woodturner/Join-Pages/Guest-Online-Membership.aspx?WebsiteKey=c9100f02-c77e-4177-a9bc-7d3eb0216238>

AAW Woodturning FUNDamentals

Woodturning FUNDamentals is a digital publication offered to AAW members four times annually. Each issue includes projects, techniques, tips, videos, and information to build essential woodturning skills. These publications are design to turners at all levels build strong woodturning skills and essential techniques. This portal contains the current and all the past Woodturning FUNDamentals digital publications.
