

## **Des Moines WoodTurners Chapter Meeting Announcement & Newsletter**

**February 2025**

**a 501(c)(3) Non-profit Organization**

**Bulletin 2025-02**

### **February 8th Demonstration**

**Daniel Henderson**

**Turning an Oval**

The object of turning is to end up with an object in a round or cylindrical shape; be it a bowl, plate or platter, spurtle. For our February presentation Daniel is going to show you how to layout and turn (on purpose) an oval. It isn't a complicated procedure, but there are a few things one must be aware of to get a good result. This is a technique that will get you a lot of "how did you do that?" questions.

As time permits he will also demonstrate how to use this technique in a decorative manner to enhance a turning.

Daniel Henderson first started turning in college in 1973, as part of his Industrial Education curriculum at the University of Idaho. Over the next 20 years his turning was intermittent, but has been constant since his retirement in 2010. He enjoys segmented turning and creating enhancements in the pieces he turns. Lately his focus is turning glued up plates and platters, with an occasional fishing lure thrown in for fun. You will also find him in his sketch book, which he relies on for percolating ideas and patterns. "Here is where the fun begins and nothing is off limits. I have books as far back as the 1990's, and still use some of the ideas for new turnings. Turning is the greatest expression of creativity I know. Taking a gnarly piece of wood and ending with a beautiful form is a fantastic feeling."

### **March 8th Demonstration**

**Logan Wittmer**

**Metal Turning on the Lathe**

Our standard turning tools work really well for turning all sort of metals. We'll cover turning brass, aluminum, and smelting and turning pewter as accents to wood turning.

Logan Wittmer is the editor-in-chief of Popular Woodworking Magazine, located in Des Moines, and a cast member of the PBS television show the Woodsmith Shop. Not only is woodworking and woodturning his daily duties, but they're also his passion. In his free time, Logan is often found in his shop standing at one of his lathes, or out in his log yard, running native Iowa hardwoods through his Logosol Bandsaw mill.

## Various Thoughts

### Dennis Anderson, Chapter President

Are you ready to expand your demonstration abilities outside of our chapter? The Midwest Regional Woodturners consists of AAW Chapters in Iowa, Minnesota, Wisconsin, North Dakota, and South Dakota. They have encouraged each Chapter to create a list of club members who would be willing to do demonstrations for other clubs. Putting your name on a list will allow other Chapters to contact you to discuss your demonstration topic along with any fees or travel expense reimbursement you require. Let Dennis Anderson or Mark Hayes know if you are interested in being on this list. Minimum criteria to be on the list is as follows:

- AAW member
- Have completed demonstrations for our Chapter
- May have completed demonstrations for other Chapters
- Willing to travel or have the ability to do Interactive Remote Demonstrations (IRD)
- Do not need to be a professional turner, but have the ability to explain and demonstrate some aspect of turning

Have you registered to attend the [AAW International Symposium in St Paul](#) on June 12-15? Every registered attendee is welcome to bring up to three pieces to display in the huge Instant Gallery. Even if you do not enter a turning, be sure to take time to enjoy the world's largest display of turned wood. This nearly 30,000 square foot exhibit will amaze and inspire. With work by turners of every level, this is a great chance to see an enormous variety of woodturnings, both utilitarian and works of art.

We have had many new members join our Chapter this past year. Be sure to take time at our meetings to introduce yourself and get to know someone else, you will not be disappointed.

## Volunteer NOT Needed

### Supplier Discounts - Job Completed

Member **Ted Redenius** has completed a review of our preferred suppliers.

You can see the results of his excellent work on page 14.

## In Memoriam

Member, **Dick Day**, has recently passed away. Rest in Peace.

## DWMT Board Meeting All are Invited

Board meetings are open to all members. The next board meeting is February 26<sup>th</sup> at approximately 10:30 AM at Valley West.

## Summary Glen Farmer Demonstration

### January 11, 2025

Before joining the Des Moines Wood Turners club, Glen taught wood turning in California. One of the techniques he taught was finishing the bottom of bowls. There are different ways to finish the bottom of a bowl, and he demonstrated 4 different ways during his demonstration. Glen demonstrated holding the bowl for turning using a jamb chuck. The jamb chuck is put on the headstock and is placed in the top of the bowl. The bottom of the bowl is centered on the tail stock center. This gave Glen enough room at the bottom of the bowl to finish or enhance the bottom of the bowl. If using the jamb chuck did not give you enough room to finish the bottom at the tailstock end, Glen demonstrated another type of jamb chuck. He made a jamb chuck to fit tightly inside the top edge of the bowl. If the jamb chuck is made to fit tightly inside the edge of the bowl, the tail stock can be removed giving total access to the bottom of the bowl without the tailstock being in the way. He also put tape around the edge attached to bowl to make it a little unlikely that the bowl will come off when finishing the bowl bottom. Glen also demonstrated making a glue block to be attached to the bottom of the bowl. Using a glue block centered on the tailstock gives the turner more room to finish bowl bottom as it keeps the tailstock center farther away from the bowl bottom. Glen demonstrated several different ways to enhance the bowl bottom using beads, coves, ridges. Glen used a vacuum chuck to demonstrate another way to finish the bottom of a bowl. He made his vacuum apparatus from reclaimed equipment and used a section of PVC pipe for the chuck. It did not make a lot of vacuum but was enough to hold a small bowl. It can be difficult to get the bowl centered on the vacuum chuck, but the easiest way is to use the tailstock to center the bowl on the vacuum chuck. Using a vacuum check allows the turner to remove the tail stock to make the bowl bottom more accessible to enhance the bottom of the bowl. His demonstration gave turners several ways to hold the bowls. The shape of the bowl will determine which way would work best for the turner to finish the bottom of the bowl. His demonstration gave turners more options that they can be use when finishing the bottom of a bowl.

**Will Zitterich, Secretary**

## April 12<sup>th</sup> Turning Challenge

### Turn a Square Bowl

The only rule requires the project to be turned after 1/11/25. A bowl is an open vessel capable of holding .... something (soup, nuts, fruit, other).

Contestants may turn material of their choice in any size. Any enhancements are allowed, such as paint, dye, carving, etc.

One entry per person brought to our April 12th meeting.

(Chapter and AAW membership gains bonus points)

Square Bowl Video (from TurnAWoodBowl YouTube):

<https://youtu.be/4s5c5bi9bwU>

### **Future Educational Programs**

March 8<sup>th</sup>: **Logan Wittmer** - Metal Accents in Turnings

April 12<sup>th</sup>: **Duane Groenenboom/Mark Hayes** - Turning for the Iowa State Fair

May 10<sup>th</sup>: **Roger Naas/Donna Byers** -Threading

June 14<sup>th</sup>: **Will Zitterich** - TBD

### **Woodsmith Store Interesting Fact**

Take a picture of your Des Moines Woodturners Membership Card and keep it in on your phone. Show the picture to get your discount. You do not need the actual card.

### **Penn State Industries 10% Discount Program**

As most of you know, Penn State (Webpage:[Penn State Industries](#)) has offered our club members a 10% discount on most of their products. As a club we made this an option for you and many of you signed up to get the discount. If you are new to our club or didn't sign up previously and you want to receive this discount please let **Dan Carlson** (email:[dmwoodturners@gmail.com](mailto:dmwoodturners@gmail.com)) know. Just a heads up, you will receive a lot of emails from them with their advertising.

### **Membership Update**

We currently have 191 members.

Please welcome these 5 new members who joined in January.

**Frank Ancell** from Muscatine

**Hanna Hagen** from Indianola

**Alex Saunders** from Indianola

**Mike Kruse** from Truro

**Gary Culp** from Des Moines

### **DMWT Chapter Discount**

### **AAW International Woodturning Symposium**

### **Register by April 11<sup>th</sup>**

The DMWT has secured an additional \$40 discount on the registration fee if you register by April 11 and use the discount code AAW25GROUP. With the discount, AAW member registration fee is \$335 for all 3 days. Non-member registration is higher but it includes a one year membership to AAW. Banquet costs are in addition to your registration fee and can be individually added if you wish to attend them. If you have never attended one of these symposiums, you will be impressed with the demonstrations, trade show and the gallery.

## Training News

### 2025 Woodturning Classes

**General Information:** You will receive an information packet by email approximately 1 month before the class. It contains a list of required accessories, location and safety information. A reminder will arrive about 1 week before the class. The fee is collected on the day of the class. There is no penalty for cancellation, but please let us know ASAP if you have to cancel.

**Basic Woodturning:** If you have not taken Basic Woodturning you will find it useful if you're new to turning, been away from the lathe for awhile or would just like a refresher. Enhance your spindle turning skills. It is a fun day and a confidence builder. In addition, it is the prerequisite for the other courses. DWMT provides the tools and wood. Homework is assigned between classes so you will need access to a lathe. Basic Woodturning is two consecutive Mondays, 8:30 to 5. Cost: \$40.

**Basic Bowl Turning:** This class touches on basics of wood harvesting, differences from spindle turning, and introduces the bowl gouge. You will practice on a Poplar blank before turning your Hard Maple bowl. The class is one full day. DMWT provides the tools and blanks, you provide the accessories and face shield. This is a one day class. Cost: \$20.

**Basic Segmenting:** This class will cover the basics of making segmented projects, from calculating segment angles and sizes, ring diameters needed, segment wood prep, gluing and clamping, to accurate cutting fixtures. You'll glue together furnished pre-cut segments and clamp them. Turning will be demonstrated but students won't be using the lathe in the class. Pre-cut segments for glue-up practice will be furnished. Bring paper and pencil to take notes. This is a one day class. Cost: \$20.

**Basic Skew Chisel:** This class will introduce students to the proper techniques and use of the tool as well as sharpening. Students will furnish their own skew chisel(s) (3/4 inch and up preferred). We will use the same accessories as in the Basic Woodturning Class. This is a one day class. Cost: \$20.

**Basic Sharpening:** The sharpening class will use lathe mounted sandpaper sharpening wheels and wooden dowels to teach the techniques of sharpening. This class is primarily for gouges but will also touch on a variety of other common traditional turning tools such as parting tools, skew, bedan and scrapers. In addition, sharpening hollowing tools, thread chasers, hook tools and common flat carbide cutters will be discussed. After practice, students will have the opportunity to sharpen their own tools using the Oneway Wolverine Sharpening system and CBN wheels. This is a one day class. Cost: \$20.

Please contact John Amberg at [johnaamberg@yahoo.com](mailto:johnaamberg@yahoo.com) for further information or to sign up.

### Volunteers Needed Bring Cookies and Donuts

Please bring 3 dozen donuts for the Wednesday morning Networking meeting.

Please bring 4 packages of cookies for the Saturday afternoon Chapter meeting.

The signup sheet is near the desk at Valley West.

Volunteers are needed for all meetings of 2025.

Bring your receipts to **Stan Merrell** for prompt and cheerful reimbursement.

## Training Classes

Training classes are still available. If you are enrolled, please confirm you are in the correct class at the correct time. If you are unable to attend a class you are enrolled in please contact [John Amberg](#) ASAP. If you would like to be on a waiting list, let me know.

## Mentoring Program

The Des Moines Woodturners Inc. (DMWT) invites members to use the Mentor Program. Below is a list of volunteers, members in good standing, who are willing to share their experience and answer specific questions to help you with a particular problem. Each mentor's strengths are noted along with their name and city location. Select who might be best to contact, based on your questions and how far they are from you. As volunteers, it will be up to the mentor to decide if they can help, whose shop will be used and what mentoring will look like based on the need.

Webpage: [DMWT Mentoring Program](#)

**Dan Carlson**, Clive  
Phone 515-720-0637  
[dano1466@yahoo.com](mailto:dano1466@yahoo.com)

Dan will mentor in these areas:

1. Getting started with pen turning
2. Turning small ornaments
3. Turning small lidded boxes
4. Turning seam rippers, letter openers
5. Turning bottle stoppers

---

**Glen Farmer**, Ogden  
Phone 517-395-0317  
[gfarmeriii@yahoo.com](mailto:gfarmeriii@yahoo.com)

Glen will mentor in these areas:

1. Bowl turning
2. Ornaments
3. Hollow forms
4. Coloring
5. Platters
6. Spindle work
7. Boxes
8. Harvesting wood/Blank cutting

---

**LeRoy Monson**, Waukee  
Home Phone: 515-987-1655  
Cell Phone: 515-745-9098  
[monsonlg@aol.com](mailto:monsonlg@aol.com)

LeRoy will mentor in these areas:

1. Spindle (including duplicating)
2. Bowls
3. Platters
4. Lidded box
5. One-way sharpening and set-up
6. Tool control
7. Bandsaw and lathe maintenance

**Tad Tadlock**, Winterset  
Phone: 515-201-7403  
[tad4tahoe@aol.com](mailto:tad4tahoe@aol.com)

Tad will mentor in these areas:

1. Natural & naked edge bowls
2. Large & small bowls
3. Platters
4. Boxes
5. Open void vessels
6. Sharpening

---

**Jack Kennedy**, Winterset  
Phone: 515-462-3141j  
[jkennedywinterset@att.net](mailto:jkennedywinterset@att.net)

Jack will mentor in these areas:

1. Closed Segment Bowls
2. Open Segment Bowls

---

**Jack Rolison**, Ottumwa  
Phone: 641-683-5647  
[jd.rolison@outlook.com](mailto:jd.rolison@outlook.com)

Jack will mentor in these areas:

1. Bowl turning
2. Finishing
3. Coloring
4. Sharpening

## **Educational Opportunities**

### **American Association of Woodturners 39<sup>th</sup> International Symposium June 12-15, 2025, St. Paul, MN.**

Link: [AAW Symposium](#)

### **DMWT Woodturning Scholarship**

The Des Moines Woodturners offer a scholarship program for the benefit of chapter members. Woodturning can be an expensive endeavor. The cost of equipment such as a lathe, bandsaw, chainsaw, sharpening system, buffing system and the myriad of items like drive centers, scroll chucks, live centers, adapters, jaws, and faceplates can mount rapidly. In addition is the cost of turning tools, embellishing tools, specialty tools and a host of accessories, supplies and finishing products, not to mention the cost of wood if you don't have the capacity to harvest your own.

By the same token, three and five day woodturning educational events are also expensive when located out-of-state. Travel costs, lodging and tuition can easily run \$1,000 to \$1,700 per event.

This scholarship is not intended as a source of financial aid for those who might otherwise not be able to afford the educational experience. Instead, it is offered as an incentive to those serious about woodturning who are willing to expand their skills and knowledge and bring those skill-sets back to share with our members in a variety of ways. The scholarship can provide recipients a 25% to 50% discount toward the overall cost of their attendance expenses.

The purpose of the scholarship is to expand personal woodturning skills and knowledge and share their experience with fellow members by:

- Attending Chapter events and sharing their learning experience.
- Showing examples of their work as a result of their learning experience.
- Demonstrating what they learned at a chapter meeting, event, or class.
- Sharing their overall learning experience and confidence building experience.
- Encouraging members to expand their woodturning skills via similar educational experiences.
- Volunteering for Chapter leadership positions (wide variety of opportunities).

### **American Association of Woodturners (AAW)**

We recommend an AAW membership because it offers many woodturning resources:

- \*\* Six issues of American Woodturner magazine each year.
- \*\* On-line access to all previous issues of American Woodturner and FUNDamentals.
- \*\* On-line access to videos and many other learning resources.

## Des Moines Woodturners Wearables

Members wanting Des Moines Woodturners logo embroidered on clothing are advised to purchase shirts, sweatshirts or turning smocks of their choice and style. These must be BRAND NEW and UNWASHED and can be delivered to any officer or board member. When enough items are collected to meet minimums, they will be taken to the embroiderer. Be sure to attach a note with your name to the collar of each garment submitted indicating if and how you want your name embroidered along with the Chapter logo. Costs to add the standard logo are \$10.00 per item. Personalized names can also be added for an additional \$6.00 per item. Chat with **Rob Beattie** if you have questions. 515-282-4532 or [beattie.r@mchsi.com](mailto:beattie.r@mchsi.com).

## Membership Benefits - Supplier Discounts

One of the benefits of DMWT club membership are discounts with participating suppliers. We strongly encourage you to use local suppliers whenever possible. Before they ring you up, show discount suppliers your Des Moines Woodturners membership card. BUY LOCAL when you can, Mail Order when you have no other choice!!
